Objective

Passionate and detail oriented Junior Web Developer with a strong foundation in JavaScript, HTML, CSS, React, Bootstrap, and Firebase. Seeking a challenging position to leverage my skills in frontend development, contribute to innovative projects, and grow within a dynamic team.

Skills

- **Front End Development:** Proficient in JavaScript, HTML, CSS, and modern frameworks like React and Bootstrap.
- **Styling and Design:** Experienced with Bootstrap and Tailwind CSS for responsive and visually appealing designs.
- **Back End Integration:** Knowledgeable in Firebase for realtime database management and authentication.
- **Version Control:** Familiar with Git and GitHub for version control and collaborative development.
- **Problem Solving:** Strong analytical skills and a proactive approach to identifying and resolving issues.
- **Team Collaboration:** Excellent interpersonal and communication skills, fostering effective teamwork.

Technical Projects:

ECommerce Platform

- **Technologies Used:** React, React Redux/Toolkits, Firebase Firestore, Bootstrap, Stripe
- **Description:** Developed a full featured ecommerce application with a seamless payment gateway. Implemented user authentication, product listing, shopping cart, and checkout functionalities.
- **Responsibilities:** Designed and implemented frontend components using React, managed state with Redux, and handled realtime data with Firebase Firestore.

Portfolio Website

Technologies Used: HTML, CSS, JavaScript, React, Tailwind CSS

Description: Created a personal portfolio website to showcase projects and skills. Ensured a responsive design with Tailwind CSS.

Responsibilities: Designed the layout, implemented interactive features, and optimized the site for performance and accessibility.

Task Management App

Technologies Used: React, Firebase, bootstrap

Description: Built a task management application for users to create, update, and delete tasks. Integrated Firebase for data storage and real time updates.

Responsibilities: Developed user interface components, integrated Firebase for data handling, and ensured user friendly interactions.

Work Experience

Team Lead

Company: IGA XPress, Canberra ACT

Duration: November 2021 to Present

Responsibilities: Led customer service initiatives, managed stock replenishment, enforced company policies, and collaborated with departments for process improvement.

Team Member

Company: Harris Farm, Lindfield

Duration: November 2020 to November 2021

Responsibilities: Assisted customers, created product displays, maintained accurate pricing, and contributed to a clean working environment.
